## Recipient Charities

### ADVANCE FUNDING PROGRAM

THE ONTARIO LOTTERY CORPORATION

ANNUAL REPORT SUPPLEMENT

# **Advance Funding Program**

## **Recipient Charities**

### **1999-2000**

The Advance Funding Program began in fiscal 1998-1999 and was designed to bridge any potential fundraising gaps for charities between the cancellation of the three-day roving Monte Carlo events and the start-up of the pilot charity casino program. The provincial government assigned responsibility for administering this \$40-million fund to the Ontario Lottery Corporation (OLC).

To ensure that the public has full access to information on the use of revenues from charitable gaming, the OLC was mandated to list the charities that received grants from the \$40-million Advance Funding Program in its Annual Report. This supplement to OLC's 1999-2000 Annual Report lists the 3,861 charitable organizations that received funding during the 1999/2000 fiscal year, in accordance with this mandate.

During the 1999-2000 fiscal year, \$24.6 million in funding was paid to 3,861 charitable organizations. Since the program began in 1998 more than \$39 million has been paid to charities across the province. When the program ends in June 2000, a total of \$39.5 million will have been paid to over 4,500 charitable organizations.
